

# Ice Jam Flooding Threat: Muskegon River

-Ice Jam has formed near 12 mile and 183<sup>rd</sup> Ave

-Riverside Dr is flooded

-Further rises possible on the Muskegon River as ice forms

-Threat could move northward as water backs up against ice jam

# Ice Jam Flooding Threat: Muskegon River

Property flooding along 183<sup>rd</sup> Avenue just upstream of the ice jam. Photos taken around 3 pm on Nov. 28<sup>th</sup>. Photos courtesy of Rob Shelest
